Local Wal-Mart announced

By SUZIE MAYBURY

BELLE GLADE—Royal, Inc. is in the process of ending negotiations with Wal-Mart Stores, Inc. to bring the discount store to Belle Glade.

Although plans have not been finalized with Royal's, Wal-Mart has announced the intention of opening a 50,968 square foot discount department store on S.R. 80.

A spokesperson for Wal-Mart said the new store should provide nearly 100 jobs with more during peak season.

Wal-Mart Stores Inc.

is a publicly held company with a chain of close to 700 stores. The company is headquartered in Bentonville, Ark.

Stacey Duncan, coordinator of corporate and public affairs for Wal-Mart, said the company was waiting for final approval from Royal's, but "it's on the go now."

However, a Royal representative said the project hadn't received final approval explaining that a deadline on the construction was still pending.

Paul Davis, construction supervisor, agreed that the construction

date was still uncertain Belle Glade.

New water plant toasted

By SUZIE MAYBURY

BELLE GLADE—State and local government officials raised their glasses in approval to the city's new water treatment plant following an official water taste test at Tuesday's, Oct. 2 dedication.

Due to the poor quality of water from Lake Okeechobee and pressure from state officials, the city was confronted with the financial burden of building the new plant, Mayor Thomas L. Altman told the crowd of spectators at the gathering.

"It took several years and several rate in-

creases before this project was completed."

Altman said. "But the quality of water in Lake Okeechobee was very volatile and we had to do something to coincide with state requirements."

The mayor mentioned that with the cost of the plant as well as the new sewage treatment plant the rate increases were a heavy undertaking for the taxpayers, but, he added, "We have something to show for it."

"This plant has received national attention from the engineering community and that is Continued on 6

4-laning project gets royal sendoff

By JIM JONES

BELLE GLADE—Pushing gold-painted spades into the wet earth behind the R. V. Turner Training Center Friday morning, Sept. 28, eight prominent officials broke ground for the four-laning of 13.8 miles of State Road 80 from Belle Glade east.

A crowd of about 500 persons, including a virtual Who's Who of Glades leadership, cheered and broke into applause throughout a series of speeches and the groundbreaking.

Harry A. Johnston II, Florida Senate president designate, filled in for Gov. Bob Graham, who was unable to leave Tallahassee for the ceremony due to tropical storm Isidore.

"We have accomplished a great dream," said Johnston. "It has taken a dedicated commit-

ment from the entire legislative delegation." Johnston said several events in the struggle to four-lane the highway during the past few decades stick in his mind.

"Frank Jones (of the Canal Hazards Safety Committee) 10 years ago came before the legislative delegation. He told them the property owners along State Road 80 would provide the property for the right of way at no cost," Johnston said.

Convinced of the sincerity of Glades residents for wanting an improved SR 80 and learning from Palm Beach School Superintendent Tom Mills that the treacherous stretch of highway annually claims at least one teacher, Johnston said he felt a "moral need on all our parts to do

something about it."

Johnston echoed Palm Beach Commissioner Bill Bailey, who said that Gov. Graham is the first Florida governor in the past 50 years to live up to his promise to provide funding for the four-laning of SR 80.

"In 1982 the delegation met with Gov. Graham and he promised to consider it. In 1983 we got a definite commitment from him," said Johnston.

Frank Jones said actual work on the four-laning should begin about Oct. 1. Bids for a second phase should be let in about 100 days. By the summer of 1986, drivers should be able to travel all the way from Belle Glade to 20-mile bend on a four lane highway, said Jones.

The bids for four-laning SR 80 from 20 mile bend to Loxahatchee should be let in April of 1986. The stretch from Loxahatchee to Forest Hill Boulevard should be let in March of 1988.

"By Christmas of 1989, it should be four-laned all the way to West Palm Beach," said Jones.

Jones said it is important that state leaders understand that State Road 80 is a cross state highway serving at least nine percent of the state's population.

Once the road is four-laned into West Palm Beach it needs to be four-laned to Fort Myers, he said.

Jones gave credit to three persons, all now deceased, for helping the four-laning become reality: Henry Earwood, W. C. Taylor, and Ken-ny Mock.

Mr. Earwood was the organizer and first chairman of the Canal Hazards Safety Committee in 1964; Mr. Mock helped locate the new route for SR 80, contributed engineering expertise to the study, and suggested how it could economically be accomplished; and Mr. Taylor was a civic leader who generated great community support for and interest in the four-laning.

Rep. Tom Lewis said that SR80 will become the state's major east-west artery south of Interstate 4. He credited continuing improvements to the "persistence and grit of the people of the Glades."

Lewis said he would do everything possible to maintain the established schedule for road improvements.

A prime motivating factor in improving the road is the long list of victims who have died on it.

Rep. Jim Watt, a prime mover in State Road 80 improvements, quoted the late Senator Robert Kennedy:

"Some see things as they are and ask why. I dream things that aren't and ask why not?"

Watt closed by saying, "We're here to show that government can respond and get things done."

Bob Lee, vice president for community affairs of U. S. Sugar Corp., served as master of ceremonies and praised the Palm Beach legislative delegation for its efforts to four-lane the highway. Lee noted that the Palm Beach delegation has contributed three Florida senate presidents over the years.

Among those Lee introduced were U. S. Rep. Tom Lewis (R-Dist. 12) of North Palm Beach, State Sen. William G. "Doc" Myers (R-Dist. 27) of Tequesta, State Sen. Harry A. Johnston II (D-Dist. 26) of West Palm Beach, State Rep.

House dedicated

BELLE GLADE -The City of Belle Glade's Planning and Community Development Department officially dedicated a new house to Mrs. Ellis Pickens at 530 S.W. 7th St. on Tuesday, Oct. 2.

Mrs. Pickens, who has lived in small, run-down one room home since 1957, said she is looking forward to the move.

The new house borders the old and both sit on Mrs. Pickens' property. The old house will be torn down as soon as she has moved her belongings into the new building.

"My mother put in

for a house and was going to get one before she died. I knew I needed a house so I went to Mrs. Ganzy (Glady's Ganzy, administrative assistant to the Community Development Department) and she helped me," Mrs. Pickens said.

Several city officials attended the dedication, including Mayor Thomas L. Altman, who presented Mrs. Pickens with the keys to the house.

Remar Harvin, director of the Community Development Department, said that a dedication of this kind helps in the city's

"social development and economical development," adding "and we are trying to get a handle on that this year."

"We are working on improving the streets, bike paths, and sidewalks as well and this all is a positive road in improving the community," Harvin said.

The community development director said the project also shows the city's commitment to "not just assisting the middle and upper class, but to those that really need it."

Altman, who also spoke at the dedication, added jokingly, "The worst thing about the new house for Mrs. Pickens is to have to listen to all these speeches."

The mayor said the meeting of the housing needs in a community is "the hardest thing a government has to do," and he commended the many who helped with the project.

"Without all those players involved we couldn't have all this," he said. Bill Achreey was the contractor for the project.

A light-hearted day in Belle Glade

Friday was a bright and cheerful day in Belle Glade despite the passage of tropical storm Isidore which left the ground soggy and kept Gov. Bob Graham in Tallahassee.

Graham was scheduled to be the featured speaker for the ground-breaking ceremony for the four-laning of 13.8 miles of State Road 80.

Despite his absence, a variety of speakers carried on and humorous anecdotes about the 20-year battle to improve Glades roads abounded.

Sen. Harry Johnston recalled how U. S. Rep. Tom Lewis once "bestowed immortality" on a group of listeners by promising them they would see the desired improvements in their lifetime.

And Lewis renewed his promise to roller skate from South Bay to West Palm Beach with former Florida Senator Phil Lewis when the four-laning is completed.

Rep. Jim Watt said local residents had to wait as long as the Chicago Cubs for a pennant to get SR 80 four-laned, but not as long as the Florida Gators to win the Southeastern Conference football championship.

At the end of Friday's speeches, a mass of spectators and journalists made their way through the mud puddles of the R. V. Turner Training Center to watch eight dignitaries hoist spades of earth for a battery of photographers.

One of the most frequently heard comments was a vigorous "Shoot!" — or words to that effect — as unsuspecting spectators stepped into the mudholes in their Sunday finery.

Publisher Stan Martin had mud halfway up his right leg afterwards.

But Stan's indignity was nothing compared to that suffered by a poor television reporter who stepped in a large mud hole and rolled on the ground.

Another television reporter, seeing this accident, immediately stuck a microphone in Suzie Maybury's face and asked, "Well, what do you think about that?"

Suzie refrained from making any suggestions about mud wrestling.

I'm waiting to see if the incident shows up on that TV "Bloopers" program.

Time to evaluate your life

Christians around the world will be celebrating World-Wide Communion. For many years believers in the Lord Jesus Christ will gather in churches and participate in the oldest Christian ritual and sacrament with Christ as the unseen, yet present, host.

The sacrament of the Lord's Supper is a remembrance of the dramatic event of Jesus and his disciples in the upper room. Jesus was preparing them for His death upon the cross. This was preparation for setting the stage for a perpetual memorial of His death.

The coming together of Christians at the table is a time of communion with their Master. Christ is the host of the meal—present by the faith of those who come to the table and to Him for nourishment.

The act of all Christians coming together throughout the world is a proclamation to the peoples on this globe of what Jesus did for us. His sacrificial giving of Himself has enabled us to have life free from the bondage of sin.

Paul in his first letter to the Corinthians after detailing the institution of the supper proclaims to the preparation of the believers

and participants in this sacrament. He emphasizes the depth of the importance of the meal. He says, "Whoever, therefore, eats the bread and drinks the cup of the Lord in an unworthy manner will be guilty of profaning the body and the blood of the Lord." (1 Cor. 11:27)

He continues his injunction for each person to examine himself. Your actions before participation are just as important as during the meal. Many churches demand outward preparation. Yet important as the outward knowledge, even more is the inward preparation. A believer must do his own soul searching. This self-examination is vital for meeting Christ at the table.

Our Lord does not require a formal action but only a sincere openness of confession and desire for forgiveness. You are to open your heart full of weakness and sin before God. Christ stands ready to welcome you. He can make you whole. He offers nourishment made possible by His sacrifice and self-giving.

Stop now! Take time to evaluate your life. In the light of our Lord we show up black. The good we do is only because of Christ's love

Dr. David T. Evans

working in us.

When we have examined ourselves and see that we are truly sinners without help save in Christ we are ready for the meeting and meal with our Lord Jesus.

Are you ready to meet Jesus along with the rest of the believers around the world? Perhaps you will join me as I humbly pray, "Lord Jesus, your servant is weak and can do nothing except in your name. Take me and make me strong to do your will!"

Look up and take the hand of Christ and let Him lead you and me and millions of others to the table that stretches around the world. You will find rest and peace, food for your soul and new opportunities for service.

Attend the church of your choice and break bread with the Master! Come have communion with your Lord and your friends and fellow followers of Christ.

Road re-naming decision draws complaint

SOUTH BAY—Several local residents voiced complaints to city commissioners during the regular meeting Tuesday, Oct. 2.

One elderly man in the audience expressed his concern with the commission's recent decision to re-name Palm Beach Road to King Road in memory of Dr. Martin Luther King Jr.

"We have our addresses on Palm Beach Road and when you change the names around it causes a lot of difficulty for the reconstruction of our

businesses," he said. The South Bay man was referring to the problem of changing the addresses on business letter heads, envelopes and credit cards.

"Martin Luther King is a household name and a very respected name at that but to change the name...would seem superfluous. He is put to rest and we can't bring him back especially when it comes to putting everybody out," he added.

The citizen also com-

plained of the proposed package store at the Bait and Tackle Shop on S.R. 80.

"The reason why the license was turned down the first time was because it was near a playground and this (a liquor store) is not in line with the youth movement," he said.

Apparently, city commissioners had rejected the opening of a liquor store at the tackle shop a few years ago.

Mayor Vernita Cox addressed the man's complaints and assured him the com-

missioners were working on the problem concerning the sale of liquor near the playground, but concerning the road name change, Cox held her ground.

"The man (King) is great and I think we should keep his name a living legend. Martin Luther King is the father of the black people and we should never forget it," she said.

"The only way we can do that is to honor him."

Former commis-

sioner Greg Morris applauded commissioners for forming the Youth Advisory Council. He said the program would be beneficial to "all the kids in the city."

But he also expressed his displeasure in the commission's approval of the selling of alcoholic beverages at the Bait and Tackle shop.

"Did the commission make a mistake two years ago?" Morris asked, referring to the past decision to ban the consumption of alcohol near schools, churches or youth centers.

"I would like the commissioners to lay that on their own con-

science and decide for themselves," he added. Commissioner Clarence Anthony told Morris that he had been confronted by disgruntled parents who also complained of the decision to make the tackle shop a package store.

Commissioners

reassessed the past ordinance and agreed, aside from Commissioner Anthony who abstained from voting, that alcohol may be sold for take-out as long as it is located 1000 feet from a church, school or youth center.

Council moves to avoid fines

PAHOKEE—In an effort to avoid possible Environmental Protection Association fines for code violations with the water treatment plant, city council voted Thursday, Sept. 27, to increase the utility budget by \$118,000.

Council members allotted \$58,000 for the purchasing of a high pressure truck and \$60,000 for the rebuilding of the lift station.

City Council will negotiate with local

banks for possible loans.

In other business, raises were granted to the director of public works, the fire chief and the police chief.

All were given a 5 percent increase.

The city clerk was

given a 10 percent raise.

"The council will hold another special meeting Thursday, Oct. 4 at 7:30 p.m. to a final hearing on the budget and adoption of the millage.

Faunce said Tuesday's gathering will be an introductory meeting to familiarize the public about Hospice.

Paul Brenner, Director of the West Palm Hospice program will be attending Tuesday's meeting.

Satellite hospice group planned

BELLE GLADE—Hospice of Palm Beach County, Inc. of West Palm Beach has announced its intention of forming a satellite group in the Glades area.

Hospice, which offers comprehensive programs of care for the terminally ill, relies mainly on the help of volunteers.

Kerry R. Faunce,

secretary for the Hospice program, said in order for the Glades area to have a successful group volunteers are needed.

"Our initial contacts were with churches but to ensure a larger selection we are informing the public," Faunce

said. Faunce said Tuesday's gathering will be an introductory meeting to familiarize the public about Hospice.

Paul Brenner, Director of the West Palm Hospice program will be attending Tuesday's meeting.

A meeting for volunteers will be held Tuesday, Oct. 9, on the

the best attention we could ask for," he said. Harry Wild, city engineer of Briley, Wild and Associates, Inc., described the new water treatment plant as an "innovative and relatively inexpensive ozonation process."

And he said the result is "spring-like water."

"We had a commitment to the city that if the water wasn't going to be spring like we weren't going to be in town," Wild joked.

The city engineer said Belle Glade is the first city in the nation to treat THMs—a cancer causing agents formed when chlorine combines with organic matter in the water supply—and remove them with the ozonation process. He complimented city commissioners for their support of the project.

State Representative Ray Liberti also commended Belle Glade for embarking on a project even with the cost involved. He said that unlike the northern states, Florida doesn't have other natural resources to rely on.

"If Lake Okechobee dries out or becomes polluted then there is no second chance for Florida. We have to do it right the first time,"

Liberti said.

The state representative pointed out how the water system initially showed nearly 1200 parts of THMs and today the number is down to 55 parts and "still decreasing." The state requirement is 100 parts maximum, he said.

Liberti said the ozone process has clearly changed the taste, color, odor, purification and safety of the city water.

"Don't tell me we can't purify the water," Liberti said. "We have to take 'can't' out of our vocabulary. It is 1984 and we're drinking clear water. It almost makes you believe it wasn't a government project."

The engineers first approached the city with the new ozonation process in 1982.

Emery Industries of Cincinnati, Ohio provided the ozonation equipment and W.E.D. Contractors, Inc. of Winter Haven, Fla. was a prime contractor for the treatment plant modification.

"The country is looking at Florida and possibly the world is looking at Belle Glade" for the new treatment plant, Liberti said.

Glades Day Gators blast Carroll 34-14

The Glades Day Gators played a mean game of football against John Carroll of Ft. Pierce Friday, Sept. 28 winning 34-14.

But Coach Byron Walker Jr. said he was disappointed in the team's performance during the second half of the game.

"We played real well in the first half but during the second half we only had the ball four times and scored just one touchdown," Walker said.

The Gators coach said he tried to give some playing time to team players who don't get on the field much. "We had better play in our back up than our

starters in the second half," Walker said.

Walker said he feared the team was becoming too content with their performance. "They knew they had the game won and they got a little complacent and complacency becomes a habit forming," he said.

Senior quarterback Philip Echols rushed for 147 yards and scored four touchdowns and one two-point conversion in the first half.

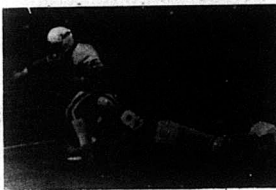

John Hundley scored the final touchdown on a 2-yard run in the fourth quarter. Walker said he also got "a real good game"

out of Warren McMillan, a nose guard who had 7 tackles, 5 assists and sacked the quarterback twice. The Gator's play Lake Placid this week on home grounds Friday, Oct. 5.

Coach Walker said he expects it to be a close game.

"Two times we played them and ended the game winning only by a 3 point margin and the last time they had what would have been the winning touchdown but it was called back," he said.

He said he is working the team on throwing the ball in the tight end.

DEREK KORBLEY (8) and Hal Lashley (50) played tough defense for Glades Day against Fort Pierce John Carroll Friday.

Pahokee gridders do everything but score

Pahokee's Coach Donald Thompson said the Blue Devil's "won everything but points" in Friday's, Sept. 28, game against Atlantic.

The Pahokee team scored what would have been the winning touchdown but they were called for holding ending the game with a final score of 27-20.

"We beat them in moving the ball, we had rushed nearly double with what they did, our passing yardage was more than triple of theirs and our first downs were 12 and theirs were 4," Thompson said. "But we were called on 150 yards of penalties."

"The number one thing that is killing us as a team is our penalties," he said. The Blue Angels

coach said his team is guilty of over-aggressive playing and that they play "hard and rugged."

But he said he was still pleased with Friday night's outcome and said the game provided a lot of action for the fans.

"Nobody has any reason to hang their heads. They were holding on and we were trying to win," he said.

While Atlantic was leading in the fourth quarter with a score of 20-13.

Pahokee quarterback Pernelle McHelton scored a three-yard run. Eric Butler added a two-point conversion to pull the team ahead 21-20.

But while the Blue Devil's were ahead they scored yet another touchdown and were

called on a penalty which put them back on the Atlantic 20 yard line. The team lost the ball to Atlantic trying for a fourth down and the opposing team scored the winning touchdown.

"We've got to find what the referees want and try to play the game the way they see it," Thompson said.

This Friday, Oct. 5, Pahokee plays Twin Lakes of West Palm Beach at the Blue Devils stadium.

Thompson said the West Palm team is similar to Pahokee because "they pass a lot and run."

The coach said he is planning a wide open football game and that "it should be exciting for the fans in the area."

Christian Day loses to Kings Academy 20-6

BELLE GLADE-A weak defensive secondary held the Christian Day Crusaders back Friday, Sept. 28, resulting in a loss of 20-6 to host King's Academy.

"We don't have any experience in the defensive secondary. We were holding them at the line and they didn't gain but 55 yards rushing, but they threw over our heads," said Christian Day Coach James Jacks.

Jacks added that, "the whole game was marred by penalties."

Both teams were cited on penalties throughout the game. Christian Day was called 14 times for 138 yards and King's 11 penalties for 155 yards.

But the Crusaders coach said Friday's night's game was "the best offensive game"

the team has played. "We threw the ball well and ran well," he said. "The offensive line did a tremendous job."

Jacks mentioned that team player Jo Jo Ramos "did a tremendous job and he played with a swollen thigh-he could barely move his leg."

The coach also credited Carlos Rodriguez, Shannon McNeil and Kerry Ketrrell for "going both ways defensively and offensively and doing a tremendous job."

This week the Crusaders will be playing Hollywood Christian and Coach Jacks said they are going to concentrate on the teams secondary.

"If we don't stop their passing it's going to be a long game. We've got to contain their passing," he said.

Third place and \$700 went to Don Tolliver of Sebring and Greg Pricke of Ft. Lauderdale with bass weighing in at 33 pounds, 10 ounces.

Glades Central edges Spanish River, 8-0

Glades Central's Raiders romped Spanish River 8-0 Friday, Sept. 28, but Coach Dan Brown said the team should have scored more points.

"We've still got to get our offensive going and the defensive needs just a little improvement," he said. But the Raiders coach did credit the defense with putting forth a "good effort" last week.

"The defense as a whole played well," Brown said. "We got three interceptions that night."

Interceptions were caught by Roy Bailey, defensive back. Anthony Ware, defensive tackle and offensive tackle and Antonio Smith, linebacker.

The only score in the game came with a drive of 78 yards on 12 plays ending with a 22-yard pass to running back Lionel Campbell by

quarterback Ken Hammond, Hammond added points to the score by passing to Anthony Benjamin for the two-point conversion.

This week the Raiders will be playing Forest Hill at the Glades Central stadium and Brown predicts a "tough" game.

"Forest Hill was picked to be the toughest team in the county (pre-season) and they're at 2-2," Brown said.

When asked what strategies the Raiders are working on for Friday's game, Brown said, "We're planning to win."

The coach added: "We want to improve on our mistakes. We've got a younger, immature team this year and we need to improve on our catching and blocking of the ball."

Health care center opens with flourish

PAHOKEE—Glades Health Care Center ribbon cutting ceremonies were Friday, Sept. 28 at 230 S. Barfield Highway, Pahokee.

The 120-bed facility, a nursing home for senior citizens, was opened in August and a grand opening was given September 30.

The administrator, Vern Holmes, hopes the facility will be filled to capacity in the next few months.

Holmes said the center is committed to providing excellent health care for the citizens. "We will lead this center to perfection," Holmes told the crowd at the ribbon cutting ceremony.

Ray Hatton II, of Hatton Properties owns the center and

Dr. R. L. Hatton of Pahokee, will serve as medical director.

Hatton said the project was seven years in the making. "In June of 1982 we filed the certificate of need. We got the certification in November," Hatton said.

"It's a complicated process you have to go through," Hatton told the crowd. "We thought we were through in July," he added, "but the state inspector found about a 100 things wrong."

"It's hard to imagine the paper work it takes unless you've been there," Hatton said.

The center is managed by Waverley Management Company and received the first patient August 17.

Fishing report

Compliments of Tennessee's Pro Guide Service

This past Sunday smiles on several fishermen's faces after the Cystic Fibrosis Tournament. Congratulations to Chip Lewis and Max Outz for their first place win weighing in at 37 pounds, 3 ounces.

Money wise these two guys didn't do bad either. Jeff Hansford was real pretty in his "big fish," that weighed in at 8 pounds, 2 ounces.

Tournament fishing is hard work and in Sunday's case, wet work. But if you're as lucky as these three guys, it can really pay off.

Next Sunday, Oct. 7, will be the final qualifying tournament for Slim's Bass and Buddy Classic Tournament.

Entry fee is \$40 per boat and \$10 for big fish. Entry fees to be paid at Slims.

Mac McGinnis and his wife were fishing the Pelican Bay area this week and Mac's wife really out did him by bring in a 9 pound, 10 ounces bass, using wild shiners.

Ken Bowermaister, with Ron Janson of Buffalo, N.Y., brought

in a 6 pound, 12 ounces and a 9 pound, 4 ounces bass, also using wild shiners and fishing in Pelican Bay.

This cooler weather should produce some fine speck fishing in the next week or so. Minnows would be better to use than jigs for the time being.

Twenty-five of Florida's top fishermen will fish the Bill Branch Classic out of Clewiston this coming Saturday and Sunday. Good Luck to all!

Before going out on your next fishing trip heed to this tip. For better performance, clean your battery terminals with a brush and spray them with a light oil.

Until next week, safe boating and good luck fishing.

Raider boosters raising funds

The booster club is

now selling tickets for a barbecue dinner for Friday, Oct. 19, during Homecoming activities. Tickets are \$5.

A dance is scheduled following the game at the Belle Glade Municipal Civic Center.

Anyone who wishes to make a donation can contact Coach Daniel Brown at GGCHS or the Booster Club President Eugene Burden at Burden's Texaco Service Station on S.W. Ave. E or Secretary Maude Vereen or any Booster Club member.

This week the Raiders will be playing Forest Hill at the Glades Central stadium and Brown predicts a "tough" game.

"Forest Hill was picked to be the toughest team in the county (pre-season) and they're at 2-2," Brown said.

When asked what strategies the Raiders are working on for Friday's game, Brown said, "We're planning to win."

The coach added: "We want to improve on our mistakes. We've got a younger, immature team this year and we need to improve on our catching and blocking of the ball."

Belle Glade anglers win 'Busters' tourney

BELLE GLADE-Intermittent showers Sunday, Sept. 30 didn't scare off the more than 100 anglers in the Bass Busters Buddy Tournament from trying to catch a fish wearing a \$50,000 price tag.

The Cystic Fibrosis Foundation sponsored a bass fishing tournament at Slims Fish Camp to raise money for its charity organization. Those who entered the competition paid a tax deductible donation of \$100 per boat.

Besides the typical prizes awarded for biggest fish and most weight, the anglers also were given a chance to catch "Buster," a large mouth bass that was tagged and released in Lake Okechobee. The marked fish was worth \$50,000.

Although CF representatives were hoping for a larger turn-out, they were still pleased with the outcome and intend on making the tournament an annual event, said Nan Corbin of Slim's marina.

"They (CF representatives) got requests for a large number of entry forms which they sent out and then Isadore (last week's tropical storm) came," Corbin said.

One said the Cystic Fibrosis Foundation raised more than \$2,600 from the tournament. The money came

from a percentage of the entry fees, the barbeque proceeds from Saturday night and from some of the winnings, Corbin said.

Nobody caught Buster, but many anglers didn't go away empty handed.

Two Belle Glade fishermen, Chip Lewis and Max Out, caught 37 pounds of bass winning the first place prize of \$1,300.

Cliff Story of Clewiston and Carl Wagner of Remansville placed second with 35 pounds, 4 ounces winning \$1,000.

Third place and \$700 went to Don Tolliver of Sebring and Greg Frick of Ft. Lauderdale with bass weighing in at 33 pounds, 10 ounces.

Jeff Hansford from Belle Glade came in fourth winning \$500 for their 30 pounds, 8 ounces of bass. They were also winners of the big fish weighing 8 pounds, 2 ounces.

Fifth place went to Adrian Boots and Weyland White of Belle Glade with 29 pounds, 6 ounces and a cash prize of \$300.

Belle Glades Wayne Peacock and Billy Brewer received \$250 for their 24 pounds, 13 ounces.

Health care center opens with flourish

PAHOKEE — Glades Health Care Center ribbon cutting ceremonies were Friday, Sept. 28 at 230 S. Barfield Highway, Pahokee.

The 120-bed facility, a nursing home for senior citizens, was opened in August and a grand opening was given September 30.

The administrator, Vera Holmes, hopes the facility will be filled to capacity in the next few months.

Holmes said the center is committed to providing excellent health care for the citizens. "We will lead this center to perfection," Holmes told the crowd at the ribbon cutting ceremony.

Ray Hutton II, of Hutton Properties owns the center and Dr. R. L. Hatton of Pahokee, will serve as medical director.

Hutton said the project was seven years in the making. "In June of 1982 we filed the certificate of need. We got the certification in November," Hutton said.

"It's a complicated process you have to go through," Hutton told the crowd. "We thought we were through in July," he added, "but the state inspector found about a 100 things wrong."

"It's hard to imagine the paper work it takes unless you've been there," Hutton said.

The center is managed by Waverley Management company and received the first patient August 17.

Fishing report

Compliments of Tennessee's Pro Guide Service

This past Sunday saw smiles on several fishermen's faces after the Cystic Fibrosis Tournament. Congratulations to Chip Lewis and Max Out for their first place weighing in at 37 pounds, 3 ounces.

Money wise these two guys didn't do bad either. Jeff Hansford was real proud of his "big fish," that weighed in at 8 pounds, 2 ounces.

Tournament fishing is hard work and wet Sunday's case, wet work. But if you're as lucky as these three guys, it can really pay off.

Next Sunday, Oct. 7, will be the final qualifying tournament for Slim & Buddy Classic Tournament.

Entry fee is \$40 per boat and \$10 for big fish. Entry fees to be paid at Slims.

Mac McGinnis and his wife were fishing the Pelican Bay area this week and Mac's wife really out did him by bring in 9 pound, 10 ounces bass, using wild shiners.

Ken Bowermaister, with Ron Janson of Buffalo, N.Y., brought

in a 6 pound, 12 ounces and a 9 pound, 4 ounce bass, also using wild shiners and fishing in Pelican Bay.

This cooler weather should produce some fine speck fishing in the next week or so. Minnows would be better to use than jigs for the time being.

Twenty-five of Florida's top fishermen will fish the Bill Branch Classic out of Clewiston this coming Saturday and Sunday.

Good Luck to all!

Before going out on your next fishing trip heed to this tip. For better performance, clean your battery terminals with a brush and spray them with a light oil.

Until next week, safe boating and good luck fishing.
